Summer Internship in Hong Kong* with Noah Holdings Limited

Application Deadline: February 11, 2019

****Please note that the location of this internship has changed. It will now be offered at the company's Hong Kong office.***

Noah Canada is accepting applications for its *China Connect* program, a 12-week summer fellowship/internship at its Hong Kong office. Canadian undergraduate students interested in learning about the asset and wealth management industry in China are especially encouraged to apply. More information can be found below about Noah Canada and its parent company, Noah Holdings Limited; the *China Connect* program; and the application deadline and procedures.

About Noah Canada

Noah Canada, located in Vancouver, is part of Noah Holdings, China's largest independent wealth manager. Noah is focused on global investment and asset allocation services for high net worth individuals and enterprises. The company was founded in 2005 and is headquartered in Shanghai, China. It has 222 branches and sub-branches in 78 cities in China, and also serves clients through wholly owned subsidiaries in Hong Kong, Taiwan, and the United States. As of September 2017, it had more than 175,000 registered clients. For more information, visit <http://ir.noahgroup.com/>.

About the *China Connect* Program

Noah Canada is partnering with the Asia Pacific Foundation of Canada (APF Canada) to select up to four Canadian university students for its 2019 summer internship program in Hong Kong. The program was launched in 2018, with four students from three Canadian universities working at Noah's Hong Kong office. The 2019 internship will begin in mid-May and conclude in mid-August. This 12-week program of work and learning will develop participants' leadership capabilities and provide broad exposure to the wealth and asset management industry in China.

Through rotational assignments in various roles throughout the wealth management, asset management, global product platform, and internet finance arms within Noah, as well as through training, interns will acquire a diverse set of skills, an understanding of the business, and will be able to leverage developing capacities into practical and strategic results.

The Asia Pacific Foundation of Canada (APF Canada) is a not-for-profit organization based in Vancouver. Its mission is to be Canada's catalyst for engagement of Asia and Asia's bridge to Canada. APF Canada has advocated for the importance of young Canadians getting work experience in Asia. Through the *China Connect* program, students will receive valuable work and cultural experience, along with a C\$7,000 award to help cover travel and living expenses. Participating students become 'ambassadors' for the program through speaking engagements and/or contributing to the APF Canada blog.
